

K4203P

EXTREME CLEAR RESIN 20 ML

Resin in bottle · 20 ml

Extra-thin resin in a bottle for repairing cracks and stone chips. The resin makes the crack up to 99% invisible after curing, and the silane coupling agent allows working in damp/wet conditions. Crystal-clear, odourless and environmentally friendly with added sun/UV protection.

RECOMMENDED APPLICATIONS

Cracks

Stone chips

Damp/wet conditions
