

K4500W

WIRE STOP

For cut-out with fibre line and metal wire

Wire stop for windscreen cut-out. The suction cup is set on the glass and the cutting line runs through the stop, holding it at the correct angle throughout the cut. The star knob tightens; the lever releases the vacuum.

RECOMMENDED APPLICATIONS

- Passenger cars
- Vans
- Trucks
- Buses

PRODUCT DETAILS

PROPERTY	VALUE
Type	Wire stop
Attachment	Vacuum suction cup
Line routing	Through the stop
Operation	Star knob and lever
Item number	K4500W

BENEFITS

- ◆ Keeps the line at the correct angle
